Adopt-a-JSR Online Meeting
Heather VanCura & Spec Leads & You

19 December 2014

JCP is now more open than before

- Public JSR schedule--current, and updated regularly.
- Public read and/or write page/wiki for the JSR.
- Public discussion for the work of the JSR (archived).
- Public feedback mechanism.
- Public issue tracker.
- One EC votes on all JSRs 3x in life of JSR with public results.
- All JSRs have 3 open public review periods (30 days).
  - Release early and often!

Adopt a JSR!
Thank you LJC* and SOU Java
sociedade de usuários java

What is it?

- JUG-lead initiative to improve Java standards.
- Groups of JUG members work on JSRs.
- See **http://java.net/projects/adoptajsr** for full details.

JUGS Around the World Adopt JSRs!

Spec Leads

- Ed Burns, JSR 372 , JSF 2.3
  - https://jcp.org/en/jsr/detail?id=372

- Antoine Sabot-Durand, JSR 365, CDI 2.0
  - https://jcp.org/en/jsr/detail?id=365

- Manfred Riem, JSR 371, MVC 1.0
  - https://jcp.org/en/jsr/detail?id=371

- Ed Burns, JSR 369, Servlet 4.0
  - https://jcp.org/en/jsr/detail?id=369

Adopt-a-JSR tasks

- Kinds of tasks worth considering for Adopt-a-JSR during Java EE 8
  - Given a collection of JIRA issues
    - Ensure they have the right metadata
    - Ensure there is a SSCCE if applicable
  - Define use cases for potential new features
  - Proofread portions of the specification
  - Advocate for "non-supported" platforms

Adopt-a-JSR tasks

    - Given a collection of JIRA issues
        - Ensure they have the right metadata
        - Ensure there is a SSCCE if applicable
    - Define use cases for potential new features
    - Proofread portions of the specification
    - Advocate for "non-supported" platforms

Java EE 8 JSR Status

Already Here

- Java EE 8 (JSR 366)
- CDI 2 (JSR 365)
- JSON-B (JSR 367)
- JMS 2.1 (JSR 368)
- Servlet 4 (JSR 369)
- JAX-RS 2.1 (JSR 370)
- MVC (JSR 371)
- JSF 2.3   (JSR 372)

Forthcoming

- Security (JSR 375)
- REST Management (JSR 373)
- JSON-P 1.1(JSR 374)
- WebSocket 1.x
- JTA 1.3
- Batch 1.1
- JPA 2.2
- Concurrency 1.1

Adopt-a-JSR for Java EE 8

- Make Java EE 8 the most community driven platform to-date!
- Share ideas and feedback, possibly by entering issues in public issue trackers.
- Follow expert group discussions and chime in if needed.
- Read early versions of specifications and Javadocs.
- Try writing applications using early builds of the reference implementation.
- Write or speak about the technology.
- Encourage others to participate.
- A number of JUGs have already signed up!
