Community Development of Java Technology Specifications

-  **Forming an Expert Group**
-  **Expert Group Operation**
-  **Expert Group tools**
-  **Making changes to an Expert Group**

Forming an Expert Group

- **How to choose experts**
- **Expert submits nomination form**
- **Spec Lead “votes” on nomination**
- **PMO “votes” on nomination**

A note on choosing experts

- **Choose experts based on whether you want them on the Expert Group**
- **Expert Group should reflect a good cross-section of the industry: multiple stakeholders and multiple perspectives**
- **Expert Group should be more than a couple of experts**

EG Nominations

The screenshot shows the Java Community Process website for JSR 325: IMS Communication Enablers (ICE). The page features a navigation menu on the left, a central banner for a JCP Program Survey, and a detailed section for the JSR. The JSR details include a status of 'In Progress', a start date of 22 Apr, 2008, and a finish date of 05 May, 2008. The specification lead is Martin Johansson and Niclas Palm from Ericsson AB. The expert group is also Ericsson AB. There are three checkboxes for joining the expert group, and links for the expert group private page and JSR community update page.

Privacy Statement

Sun Microsystems, Inc. ("Sun") respects your rights of privacy. Information that you disclose to Sun in this Nomination Form is intended to be used in selecting Experts and determining Community support for the JSR specified above.

By providing this information to Sun, you give your permission: (i) for Sun to share the information with the Specification Lead, whether or not he or she is employed by Sun, but only to assist the PMO and the Specification Lead in identifying, evaluating and selecting candidates to serve on the Expert Group and in communicating with them following their selection; and (ii) for the PMO and the Specification Lead to share the information with members of the Expert Group should the person nominated here be selected as a member of the Expert Group.

In addition to the foregoing, you give your permission (to the extent you have the right to do so) for the PMO and the Specification Lead to share the nominee's company name (if participating as a Member) or the nominee's name (if participating via an IEPA) with the JCP Executive Committee, but only for the purpose of assisting them in gauging the extent of Java Community support for this JSR.

- **Decide on a working style early in the process**
- **Make it explicit**
- **How will you meet? How often will you meet?**
- **How will you collaborate? Will you divide tasks among different experts, or will everyone contribute to everything?**
- **Will there be voting? If so, how will you conduct votes? What constitutes a 'passing' vote?**

EG tools on jcp.org: private page

The screenshot shows a Mozilla Firefox browser window with the address bar displaying <http://jcp.org/en/egr/view?id=325>. The page title is "The Java Community Process(SM) Program - Expert Group - View Expert Group Information for JSR# 325 - Mozilla Firefox". The browser's menu bar includes File, Edit, View, History, Bookmarks, Tools, and Help. The address bar contains a search engine icon and the text "Google".

The page content includes a navigation menu on the left with items: EC Resources, INFO, Participants, JSRs, Procedures, SunWeb, JCP PMO Procedures, Add to Fanpop, and Bugzilla. The main content area features a blue box with the text "JCP Program Survey" and "Please Click here to take the JCP program Survey. Tell us what you think!". Below this is the "JSR #325 Expert Group Homepage" for "IMS Communication Enablers (ICE)".

The page includes a "Spec Leads" section with a table listing members:

Name	Company	Email	Phone
Martin Johanson (Edit Member)	Ericsson AB	martin.z.johanson@ericsson.com	+46 46 19 42 07
Niclas Palm (Edit Member)	Ericsson AB	niclas.palm@ericsson.com	+46 702 22 36 67

Below the table, it states "There are currently no members in this Expert Group." and provides "Expert Group Communication" information, including the email jsr-325-eg@jcp.org and an archived list at <http://archives.java.sun.com/jsr-325-eg.html>.

The page also includes a "File Archive" section (no files available), "Expert Group Resources" (public page, spec lead guide, TCK design guidelines), and a footer with "Site sponsored and powered by Sun Microsystems" and "Copyright © 1995-2008. All Rights Reserved." The browser's status bar shows "Done" and the system tray displays "Launch", "Mon May 5, 12:25 AM", and system icons.

EG changes

- Changes to an expert's contact info (while representing the same JCP Member) can be done by Spec Lead
- Changes to an expert's Membership affiliation requires e-mail to admin@jcp.org: PMO will remove original, expert must fill out nomination form for the Member which he/she now represents
- Changing an expert requires e-mail to admin@jcp.org: PMO will remove old expert, new expert fills out nomination form
- PMO will notify Spec Lead when experts are removed for Membership cancellation
- Expert Groups don't get updated after Final Release
