For the sake of clarity, a sublicense granted under Sections 1.1 and 1.2 (i) may not include any sublicensing rights for the Affiliate, and (ii) must be subject to the terms and conditions set forth in this Agreement, including without limitation Section 1.6 below.

However, except with respect to implementations of the Specification (and products derived from them) by Your licensee that satisfy limitations of Section 1.2(a)-(c) above, You may neither: (i) grant or otherwise pass through to Your licensees any licenses under intellectual property rights licensable by the Specification Lead; nor (ii) authorize Your licensees to make any claims concerning their implementation's compliance with the Specification.
