

Java Community Process (JCP) Program Executive Committee (EC) Participation Record

15 November 2011 - 29 October 2012

These statistics on participation (EC ballots voted and EC meetings attended) by the JCP program EC members were compiled by the JCP Program Management Office (PMO). The record runs from November to October because these EC members took office in November 2011.

Per JCP 2.8 Process Document, Samsung, SK Telecom and Research In Motion have forfeited their EC seats due to lack of attendance. CableLabs has resigned mid-term. Their statistics have been adjusted accordingly. Please contact pmo@jcp.org if you have any questions.
